

# BARLO® CAST design

Product Information

## DISCOVER THE COLOURFUL WORLD OF BARLO CAST DESIGN

Our world is a colourful place, and the new range of BARLO CAST design sheets, takes you on a trip of discovery to exotic locations!

CAST design is an acrylic sheet, with one or both surfaces finished with a lustrous satin like texture, that won't stain, reduces contamination through finger marks and enhances brightness. The texture is even retained after processes such as thermoforming and bending, ensuring that your finished article remains true to your concept.

When you need to attract attention, what better than a flash of Seville Orange to suggest hot summer sunshine, or for a cooler look, try Iceland White or Evian Blue...

Fresh Everglade Green or Cape Town Yellow will bring spring to mind, whilst Havana Brown speaks of soft autumn shades.

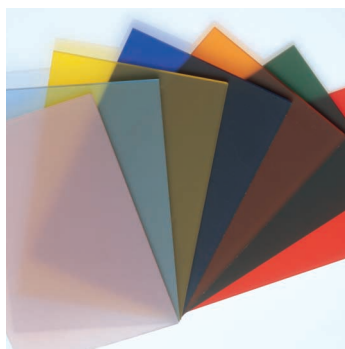

Whatever look you're trying to capture, take a trip around our world of colours – you'll return satisfied!

## BARLO CAST DESIGN PRODUCT IDENTIFICATION

BARLO CAST design is a cast acrylic sheet with either one or both surfaces in a matt, frosted look.

- The key features are
- Wide variety of colours
  - Tactile surface, does not stain, reduces finger marking and attracts less dust
  - Softens harsh colours, reinforces brightness and subtly filters light
  - Scratch resistant
  - Easy to use, shape and maintain
  - 'Frosted look' is retained even after thermoforming, sawing and drilling
  - Resistant to many chemical products
  - Readily combined with wood or metal

## BARLO CAST DESIGN COLOURS

Arctic Mist

Iceland White

Everglade Green

China Rose

Evian Blue
