

# BARLO<sup>®</sup> XT

soft tone

## Product information

## ON REFLECTION, BARLO XT SOFT TONE, MAKES THINGS CLEAR

Sometimes reflections can be beautiful things - like mountains reflected on a lake or the sun going down over the ocean - but in the world of visual communications they can be a nightmare!

You have designed a wonderful illustration, only to see it lost in the glare of reflected lights from the store displays...or the display material that you worked on for so long, gets covered in finger prints and scratches.

BARLO XT Soft Tone is a new acrylic sheet material, with a double-sided matt surface, which allows images and text to be seen more clearly under all lighting conditions. Not only that, but the subtle texture will add to the creative design of point of purchase displays and sign work, as well as offering protection from every day scuffs and scratches.

## BARLO XT SOFT TONE PRODUCT IDENTIFICATION

BARLO XT soft tone is an extruded acrylic sheet with the appearance and feel of traditional frosted glass but without the limitations of size and weight.

BARLO XT soft tone offers a wide range of creative possibilities for building and industrial glazing, decoration, lighting and advertising, ... thanks to its outstanding properties:

- Improved light scatter
- Stylish, trendy look
- Avoids reflective effects
- Easy to maintain, handle, fabricate and form
- High light transmission
- Good optical properties
- Over lengths available
- Stable thickness tolerances

## BARLO XT SOFT TONE COLOURS

## BARLO XT SOFT TONE TECHNICAL INFORMATION

BARLO XT soft tone combines the same mechanical properties of class leading BARLO XT clear sheet but with the additional benefits of a double-sided matt finish, which provides a trendy look without distracting reflections. Due to its matt finish, the optical properties may vary. Please refer to our BARLO XT soft tone datasheet for more information.

## BARLO XT SOFT TONE APPLICATIONS

- Decorative housing equipment
- Interior decoration
- Information signs
- Displays
- Showcases
- Shop fittings
- Advertising signs
- Company advertising materials
