

**SPECTAR HT sheet**

**Barlo Plastics introduces**

Barlo Plastics introduces Spectar HT sheet. Spectar HT sheet is extruded of a new co-polyester resin KelvX made by Eastman Chemicals . Spectar HT sheet is an innovative new product because it incorporates the product benefits of Spectar® sheet with a higher temperature performance. Spectar HT opens a whole new world of possibilities for Spectar sheet applications.

**Spectar® HT is your best choice for challenging designs ... in outdoor or high temperature environments.**

**PROPERTIES**

- ✓ High impact resistance
- ✓ Easy to vacuum form, no pre-drying needed
- ✓ Excellent chemical resistance
- ✓ Low temperature impact performance
- ✓ Always UV protected

**APPLICATIONS**

- ✓ Sky domes
- ✓ Bus shelters
- ✓ Sign & displays for external uses
- ✓ Bicycle safety helmets
- ✓ and many others....
